

## Introduction

APT recognises its legal obligation under the Prevent Duty and its adherence to statutory guidance for its employees and learners, including apprentices.

This policy Prevent is part of a Government initiative to develop a robust counter terrorism programme, CONTEST. The UK faces a range of terrorist threats. All the terrorist groups who pose a threat to us seek to radicalise and recruit people to their cause.

The Prevent strategy seeks to:

- Respond to the ideological challenge of terrorism and aspects of extremism, and the threat we face from those who promote these views
- Provide practical help to prevent people from being drawn into terrorism and ensure they are given appropriate advice and support
- Work with a wide range of sectors where there are risks of radicalisation which needs to be addressed, including education, criminal justice, faith, charities, the internet and health

A system of threat level has been created which represents the likelihood of an attack in the near future. The five levels are:

1. Critical - an attack is expected imminently
2. Severe – an attack is highly likely
3. Substantial – an attack is a strong possibility
4. Moderate – an attack is possible but not likely
5. Low – an attack is unlikely

## What We Do

Our provision is catered to adults over the age of 16, primarily students of the 16 – 25 year age group, including apprentices, and includes young people from ethnically diverse and socially and economically disadvantaged areas. The age and profile of our students make it crucial to be involved in the Prevent strategy.

Training Providers have a part to play in fostering shared values and promoting cohesion. Colleges and Training Providers should focus on the risks of violent extremism, which represents the greatest threat at national level, while recognising that other forms of violence and extremism can, and do, manifest themselves within colleges and other training settings.

This strategy has five key objectives:

1. To promote and reinforce shared values; to create space for free and open debate, and to listen and support the learner voice.
2. To break down segregation among different student communities including by supporting inter-faith and inter-cultural dialogue and understanding, and to engage all students in playing a full and active role in wider engagement in society
3. To ensure student safety and to ensure that APT is free from bullying, harassment and discrimination
4. To provide support for students who may be at risk and appropriate sources of advice and guidance
5. To ensure that students and staff are aware of their roles and responsibilities in preventing violent extremism.

In order to achieve these objectives the strategy will concentrate on four areas;

### **1. Leadership and Values**

To provide an ethos which upholds core values of shared responsibility and wellbeing for all students, staff and visitors and which promotes respect, equality and diversity and understanding. This will be achieved through:

- Promoting core values of respect, equality and diversity, democratic society, learner voice and participation
- Building staff and student understanding of the issues and confidence to deal with them
- Deepening engagement with local communities
- Actively working with local schools, local authorities, police and other agencies

## **2. Teaching and Learning**

To provide a curriculum which promotes knowledge, skills and understanding to build the resilience of students, by undermining extremist ideology and supporting the learner voice. This will be achieved through:

- Embedding equality, diversity and inclusion, wellbeing and community cohesion and Fundamental British Values
- Promoting wider skill development such as social and emotional aspects of learning.
- A curriculum adapted to recognise local needs, challenge extremist narratives and promote universal rights
- Encouraging active citizenship/participation and learner voice.

## **3. Student Support**

To ensure that staff are confident to take preventative and responsive steps working with partner professionals, families and communities. This will be achieved through:

- Establishing strong and effective student support services
- Listening to what is happening in the centre and the community
- Implementing anti-bullying strategies and challenging discriminatory behaviour
- Helping students and staff know how to access support at APT and or through community partners
- Supporting at risk students through safeguarding and crime prevention processes
- Focusing on narrowing the attainment gap for all students
- Providing mandatory training for staff to ensure they are able to recognise and challenge discrimination and any form of extremism.

#### **4. Managing Risks and Responding to Events**

To ensure that APT monitors risks and is ready to deal appropriately with issues which arise. We will do this through:

- Identifying changes in behaviours
- Understanding the nature of the threat from violent extremism and how this may impact directly or indirectly on APT
- Understanding and managing potential risks within APT and from external influences
- Responding appropriately to events in local, national or international news that may impact on students and communities
- Ensuring measures are in place to minimise the potential for acts of violent extremist within APT
- Ensuring plans are in place to respond appropriately to a threat or incident within APT
- Deal with any issues arising from employees and learners.
- Developing effective ICT security and responsible user policies
